

Declaration of GP Earnings

All GP Practices are required to declare the mean net earnings (eg. average pay) for GPs working to deliver NHS services to patients at each practice. This is required in the interests of the greater public accountability recognising GP pay is ultimately funded from tax paid by the public.

The average pay for GPs working in Okehampton Medical Centre in the last financial year was £45,335 before tax and national insurance. This is for 2 full-time GPs, 12 part-time GPs and 5 locum GPs (who worked in the practice for more than six months).
